ANKUSH ARUN DASARWAR

Mobile No. :- +91 8668388509

Email id :- adasarwar2794@gmail.com

PROFILE

Completed graduation in Bachelor of Engineering (Mechanical stream) at Rajiv Gandhi College of Engineering, Research and Technology, Chandrapur.

CAREER OBJECTIVE

Detail-orientated Software Test Engineer adept at making critical decisions, managing deadlines and conducting team reviews. With expertise in analysis and quantitative problem-solving skills, dedicated to company growth and improvements. With the main objective being towards satisfaction, both for myself and the company, I strive to work towards the high standards of loyalty and dedication which has been consistent throughout, thereby making work a pleasure. Seeking a position to utilize my skills & abilities in the corporate world and aiming at professional growth, being resourceful, Innovative & Flexible.

ACADEMIC QUALIFICATIONS

➤ Secured 6.80 SGPA in Bachelor of Engineering in Mechanical from RCERT Chandrapur (2017) .

➤ Secured 65.10 % in H.S.C from Shri Chaitanya Jr. College, Hyderabad (2012) from State Boardof Andhra Pradesh.

➤ Secured 72.00 % in S.S.C from St. Anne's High School, Bhadrawati (2010) from State Board ofMaharashtra.

ORGANIZATIONAL EXPERIENCE

Working as **Software Test Engineer at Wipro limited, Pune from June 2019** to till date.

ROLES & RESPONSIBILTIES

➤ 3.6 years of experience in **Functional , Database , Automation ,API Testing, Web-services .**

➤ UI Automation with **Selenium WebDriver using JAVA**. Worked on BDD Cucumber Framework. Worked on **API testing Using SOAPUI.** Strong Experience in **Automating Web Application Testing using Selenium WebDriver with TestNG framework.**

➤ Strong Experience in **Java Programming, Selenium WebDriver, GITLab, Jenkins, Junit, CI/CD Pipeline and TestNG.** Knowledge on **Appium working.**

➤ Well versed with Handling Elements in Selenium WebDriver.

➤ Writing Test cases using **Element locators, WebDriver methods, Java programming features and TestNG Annotations.**

➤ **Strong knowledge with Devops.**

➤ Executing Selenium Test Cases and Reporting defects.

- Experience in **Project Structure Planning**, **Data driven Testing, Cross browser testing and Parallel Test execution using Selenium WebDriver TestNG and Cucumber**
- Excellent knowledge of Database. Uses Joins, Sub-query and other complex query to fetch the results .
- Strong knowledge of **Software Development Life Cycle** (SDLC - Feasibility Requirements Analysis, Design, Testing, Implementation, Support).
- Strong knowledge of **software Test Life Cycle**.
- Track Record experience in **functional, regression, smoke, sanity** testing.
- Extensive experience in quality assurance of **Web applications** using Black Box testing Techniques.
- Good experience in testing applications in **Agile** development environment.
- Expertise in performing different kinds of testing like **Sanity, Smoke, Ad-Hoc, Functional, Regression, Manual Performance** of web and Mobile applications.
- Participated in **Scrum** meetings to discuss the status.
- Expert knowledge in creating **Test Cases**, **Test Scenarios**, **Defect Management** to ensure Quality Assurance and to test all the business requirements.
- Actively involved in **Review test case** and preparing **Traceability matrix**.
- Experience in preparing test reports and prepared daily test status reports to communicate the test status with the team.
- Proficient in writing detailed / relevant / valid / reproducible / unique bug reports in bug tracking System like **JIRA**.
- A skillful team player with excellent Communication (Verbal and Technical), Presentation and reporting skill.
- Logged findings in detail following standard procedures for optimum collaboration across technical team.
- Wrote detailed test scenarios and cases, accurately logging errors and defects in comprehensive test reports.
- Collaborated with engineering teams to deliver robust, scalable testing and improvement strategies.

TECHNICAL SKILLS

- Functional Area : Database testing, Functional testing, API Testing, Web-services, Automation.
- Technology Known : Software Testing
- Database:MySQL
- Operating System : Windows (7 & XP), Linux
- Programming Language : JAVA.
- Tools Used : TOAD, SQL Developer, JIRA , SOUP-UI, Maven, Jenkins
- Bug tracking tool : JIRA.

- BDD & TDD Cucumber Framework. Manual test case preparation Manual test case preparation, Test-driven development, Scrum frameworks, Defect monitoring.

PROJECTS UNDERTAKEN

Project   : **Corporate Insurance claim (June 2019-Dec 2021)**
Domain   : **Insurance(RSG)**
Software Type   : **Application**
Role-   : **Software Test Engineer**
Technology Used-   : **Selenium Automation, BDD Framework, Cucumber, Junit, Jenkins, Java**
Description:

       An insurance claim is a formal request by a policyholder to an insurance company for coverage or compensation for a covered loss or policy event. The insurance company validates the claim and, once approved, issues payment to the insured or an approved interested party on behalf of the insured. Documents management and processing, coverage selection, modifying customer personal details.

Responsibilities
- Involved in requirement gathering phase.
- Involved in Installation, Functional, Integration, Regression Testing, Automation Testing,
- Involved in test plan preparation, test case writing
- Responsible for running test cases and Identifying quality issues and writing reports
- Keep tracking bugs, retesting the bugs and updating the bug's status with comments.
- Responsible for documentation testing, Usability testing.
- Programming new automated components
- Eliminating defects and errors with product and software development
- Collaborating with other business units.

Project   : **Corporate Insurance claim Settlement (June 2020-June 2022)**
Domain   : **Insurance(RSG)**
Software Type   : **Application**
Role   : **Software Test Engineer**
Technology Used- : **REST Assured, API ,Java, Manual**
Description

       Claim settlement in insurance can make the policyholder stay with the insurer. It is a process where the policyholder claims financial support from the insurer. Claim Settlement in general insurance is offered only after the due process gets completed. Create a server, add and change customer bank details, currency change, payout set-up.

- Create and verify Web services API requests, SOAP Protocols.

- To ensure error handling, adding comments, parallel test execution, create data-driven tests & execute them through the framework. analyze test results and reporting defects.

- Communicating with development staff for test planning.

- Creating daily or weekly status reports.

- Creating test scripts.

- Developing test cases and scenarios.

- Ensuring code functionality, performance and security.

- Identifying code defects.

➢ Implementing strategies to enhance testing.

Project : **Corporate Insurance Quote Creation (June 2022-till present)**
Domain : **Insurance(RSG)**
Software Type : **Application**
Role : **Software Test Engineer**
Technology Used- : **SQL, Manual Testing, Selenium ,Java**
Description

A quote is an estimate of premium for the insurance coverage you selected and information you entered. A quote is not an offer for insurance or an insurance contract.

➢ Involved in requirement gathering phase.
➢ Involved in Installation, Functional, Integration, Regression Testing, Automation Testing,
➢ Involved in test plan preparation, test case writing
➢ Responsible for running test cases and Identifying quality issues and writing reports

➢ Keep tracking bugs, retesting the bugs and updating the bug's status with comments.
➢ Responsible for documentation testing, Usability testing.
➢ Programming new automated components
➢ Eliminating defects and errors with product and software development
➢ Collaborating with other business units

EXTRA-CIRRICULAR ACTIVITIES
➢ Coordinator of IC Engine Workshop 2014 organized by EI systems and IISCBanga-lore.
➢ **Member** of SAE Team of College.
➢ **Member** of Organizing Committee of Mechanical Department.

PERSONAL DETAILS
Full Name: Ankush Arun Dasarwar
Father's Name: Arun Dattopantrao Dasarwar
Address: G1, Chaitanya Plaza Appt,
sneh Nagar, Chandrapur-442401
Date of Birth:27 JANUARY1994
Language Known: English, Hindi, Marathi and Telugu.

DECLARATION
I hereby declared that the data furnished above by me are true to the best of my knowledge.

Date :

Place :   **Ankush Dasarwar**
